News Release of May 16, 2018

Public Input Session

On Monday, May 21, 2018, at 6:00 p.m., in the Alpena City Hall Council Chambers, the City will be holding a public input session regarding the Long Lake Avenue truck route modification request.

The City currently restricts trucks from using Long Lake Avenue from Elm Street south, within the City. A potential modification would allow single unit trucks, concrete trucks, dump trucks with no trailers, flatbed trucks, etc., to travel this route. This would still restrict gravel trains and semi-truck and trailers from using this route.

All interested parties are invited to attend the session.

Anyone with questions prior to the hearing may contact the Engineering Department at (989) 354-1730, or email engineer@alpena.mi.us
