

City of Alpena for DTE Energy

News Release of November 30, 2015

DTE Energy

Beech Street Closure

Beginning on Tuesday, December 1, 2015, DTE Energy will continue gas main connection and installation. To facilitate this work, Beech Street, between Oldfield Street and Miller Street, will be closed to thru traffic.

Signage will be present and through traffic may use surrounding streets to detour around the work zone. Residents along this street may need to park on side streets to access their property.

It is anticipated that this work will take 3 days to complete. This time frame could be extended if construction delays occur.

Your cooperation and patience are appreciated during this time.
