

# City of Alpena for DTE Energy

News Release of December 15, 2015

**DTE Energy**

## Pine Street Closure

Beginning on Wednesday, December 16, 2015, DTE Energy will continue gas main connection and installation. To facilitate this work, Pine Street, between Oldfield Street and Miller Street, will be closed to thru traffic.

Signage will be present and through traffic may use surrounding streets to detour around the work zone. Residents along this street may need to park on side streets to access their property.

It is anticipated that this work will take three (3) days to complete. This time frame could be extended if construction delays occur.

Your cooperation and patience are appreciated during this time.
