

City of Alpena for DTE Energy

News Release of November 16, 2015

DTE Energy

Walnut Street Closure

Beginning on Tuesday, November 17, 2015, DTE Energy will begin gas main connection and installation. To facilitate this work, Walnut Street, between Oldfield Street and Miller Street, will be closed to all traffic.

Signage will be present and through traffic may use surrounding streets to detour around the work zone. Residents along this street may need to park on side streets to access their property.

It is anticipated that this work will take 4 days to complete. This time frame could be extended if construction delays occur.

Your cooperation and patience are appreciated during this time.
