

# City of Alpena

News Release of March 15, 2019

## Public Input Survey

The City of Alpena is exploring the interest of adding a small dog area to the existing Thomas Stafford Dog Park at North Riverfront Park. The current belief is this area will be reserved for dogs under 20 pounds.

The City is seeking input from the community and, in particular, the users or potential users of the park to assist with some of the decision making. A survey is available at <https://www.surveymonkey.com/r/HKSS57V> or on the City of Alpena website under news releases for the public to help guide the decision making on the proposed small dog area.

A sketch of the proposed park location is also available on the City of Alpena's website at [www.alpena.mi.us](http://www.alpena.mi.us).

Please take a few moments to complete our short survey to help in decision making. Public input through this survey will be available until April 12, 2019.
