News Release of July 11, 2018

Hobbs Drive Closure

Beginning Tuesday, July 17, 2018, the City of Alpena's Contractor, Everett Goodrich Trucking, will begin the reconstruction of Hobbs Drive from Grant Street to Third Avenue.

This project will be sequenced into three segments to allow for local access to be maintained.

The first segment beginning on Tuesday, July 17, will include the complete closure of Hobbs Drive from Grant Street to Greenhaven Lane. Access shall be maintained to Greenhaven Lane. It is anticipated that Hobbs Drive will be reopened to thru traffic by Friday, July 20, 2018. However, motorists are advised to use caution while driving, as this segment of street will still be under construction. Uneven pavement, sections of open gravel and no pavement in driveways should be expected.

The second segment is scheduled to commence the week of July 23, through July 27, and will include the complete closure of Hobbs Drive from Greenhaven Lane to Third Avenue. Access shall be maintained to Greenhaven Lane. It is anticipated that Hobbs Drive will be reopened to thru traffic by Friday, July 27. Motorists are again advised to use caution while driving, as this segment will still be under construction. Uneven pavement, sections of open gravel and no pavement in driveways should be expected.

The third segment is scheduled to commence the week of July 30, and extend into the week of August 6-10. At times, traffic will be maintained by utilizing traffic regulated flag control for Hobbs Drive, from Grant Street to Third Avenue. Delays should be anticipated and motorists are encouraged to seek alternate routes during this timeframe, if possible.

Signage, barricades, and traffic regulators will be present to guide traffic around the construction site.
